Minutes General Meeting 2 May 2011 Cymbidium Club of Australia Inc.

Meeting opened at 8.08pm

President welcomed all members and guests.

Apologies : John Gate, Len Gough, Emin Muharrem, Peter Moore

Visitors : Les Wren, Warwick Farlow

New members : None

Raffle Plants donated by Ted Hebblewhite. These consisted of Khan Fury 'Nerolie' x Kirby Leah 'Pink Ice', Blazing Fury 'Ruby' x Kelly's Winter 'Patricia', Vibrant Bliss "Suppure" x Surman's Rose 'Gosford Gold', Kuranulla 'Maestro' x Zen Era 'Elizabeth', Vibrant Bliss 'Sunpure' x Amberwall 'Sovereign'. Thanks Ted for your contribution.

Vince Head bought in a fused leaf. George Serhan and Trevor Hughes suggested it maybe genetic.

Mal Ferguson bought in some seedlings in plastic cups, a great way of growing them. He also bought in 2 plants that the base of the plants had gone black. Trevor Hughes suggested it was damping off. George Serhan suggested it was from gum leaves that accumulate on top of shade cloth. Some kind of fungus/ bacterial infection.

After the supper break, Geoff Le Marne gave a very informative talk and demonstration on the World Wide Web of cymbidium orchids showing our own Club, other Clubs and nurseries. Thanks Geoff.

Geoff Le Marne read the night's results.

The raffle was then drawn.

Meeting closed at 9.25pm

President's Report

Well at the May meeting the technology worked and I gave the **demo of cymbidiums on the world wide web. Thanks and acknowledgements must go to our hard working web-master Toni Benton for running the Club's website. Thanks Toni.**

The cymbids are starting to move a bit now so hopefully at the June meeting will see our first good benching numbers for the year.

Our **special Guest Speaker for June will be Dr Randall Robinson** , who will coming all the way from south of the border to **talk on the 2011 Santa Barbara Orchid Show. Randall was an Eric Young Orchid Foundation Scholar**, as well as being a **qualified Horticulturist and Ecologist** , and is a **lecturer at Victoria University**. He is **currently researching colour heritability in the genus cymbidium**. He has a keen interest and expertise in Cymbidium species – an area well and truly underrepresented in our club.

Don't miss what should be an interesting and unique talk.

Cheers

Geoff

Secretary's Report

Greetings all,

This is just a quick hello to let you know that I am finally back on Australian soil after my latest adventure to Canada and the USA.

I hope that everyone is still in good health and I will get my act together once I find out what is happening and bring everyone up to speed in the July newsletter.

Don't forget that the **July meeting** will be the club **Winter Show** at the club meeting and **just around the corner from that will be the Carlingford show and the big one at Dural.**

I look forward to seeing you all at the June meeting.

Cheers

Pete
